

dMySQL/cconfigdialog.h

```
graph TD; A[dMySQL/cconfigdialog.h] --> B[QDialog]; A --> C[QCloseEvent];
```

The diagram illustrates a header file, dMySQL/cconfigdialog.h, which is associated with two Qt widget classes: QDialog and QCloseEvent. Two blue arrows originate from the bottom of the header file box and point to the top of the QDialog and QCloseEvent boxes, indicating that the header file defines or includes these classes.

QDialog

QCloseEvent
